301-469-0223 (V)
www.ivymount.org

- **Multiple Learning Needs Program** serves students with disabilities including Autism/PDD, developmental delays, speech/language and other health impairments. The program serves students ages 4-21 in a non-graded program and Grades 2-9 in an Elementary/Secondary graded program. The school provides therapeutic, social and pragmatic skills programming depending on the ages and learning needs of the students. Career development is embedded in the educational program. Students exiting the Post High School at age 21 receive a Certificate of Completion.
- **Autism Program** provides highly structured teaching environments using the Applied Behavior Analysis methodology. The program provides students ages 4-21 with one-to-one, two-to-one and small group instruction. Research-based instruction methods and treatments form the core of the Autism Program. Speech and language, occupational therapy, and related services are delivered in a consultative classroom model.
- The eleven-month **Elementary Program** provides small, structured learning environments incorporating academic and social skills programs to meet a student's individual learning needs and prepare him/her to transition to a less restrictive environment. The program incorporates the general education curriculum combined with social skills programs, allowing students to master their individual academic, life skills and social/emotional goals.

Montgomery County Government does not endorse or assume responsibility for any product, method, service or treatment listed in this resource directory that is not a County program.
